Live captioner vs Automatic Speech Recognition (ASR)

- Cost of hiring a captioner - Certified Realtime Captioner (CRS)
  - cost accuracy and convenience
- Old term is CART – Communication access Realtime
- Can use Application Programming Interface (API) such as Otter, AVA and/or Innocaption
- vs ASR – doesn’t always recognize speech from a person with hearing loss.
  - For example, if I say, “deaf people” it might come across “death people or depth people.”
With Live Transcript
