## HLAA Educates Consumers as Over-the-Counter (OTC) Hearing Aids Mark One-Year Anniversary

Survey and webinar series address confusion around new devices  
recently made available directly to consumers

HLAA's OTC 101–Ask the Experts series features leaders in OTC products including regulators, doctors, researchers and manufacturers in four Q&A style webinars that began on November 1, 2023, and will run through spring 2024.

### Share New Resources

Even if you're not a candidate for an OTC hearing aid, all of us in the HLAA community are **hearing loss influencers**. We can encourage friends and family to pay attention to their hearing health and learn what treatment options are available.

Find our OTC Webinar Video, Hearing Health Survey and Other Information at [hearingloss.org/otc](http://hearingloss.org/otc) or scan the QR Code:
